RAAC Update

Work has now started on putting mitigations in place around St Edwards School, this will be starting with the Classrooms, Hall and then the Nursery. The aim being to get all the Children back on one site as soon as possible. Once this work has been completed, mitigations will be placed in the parish hall. These mitigations will make the roof secure for around 5 years, so we still have to work out the long-term solution to the problem.
